DD/P Comment

Concur with modification.

25X1A6a

In this sense it can be said that a coordinated program is already in existence as our Stations are following common Headquarters guidance. For security and practical political reasons we do not foresee any chance of getting these national political parties to work on joint programs. The anti-communist efforts are compatible. The foreign policies of the countries vary. Insofar as possible our over-all efforts are mutually supporting. There is a constant interchange of views and consultation by the parties concerned.
